Welcome

Thank you for requesting our Let's Instruct Driving School franchise prospectus. My name is Matt Stone and I founded Let's Instruct Driving School in 2005 following six years working as a single ADI. I have extensive experience as a driving instructor, driving instructor trainer and franchisor.

Better Equipped to Support You

I felt there was a gap in the market for a different franchise that was tailored, more personal and supportive to it's instructors. Following the success of our now award-winning franchise we have a real team atmosphere within the business that sets us apart from other schools. We are better equipped than ever to support our franchisees. Still a family business, run by ADIs for ADIs.

Passionate about Teaching

Here at Let's Instruct we're passionate about teaching people to drive and are good at it too. We have worked hard to build a reputable and professional brand that people recognise and trust.

Joining Our Team

As a member of our team, you will be provided with all the tools and support you need to create a highly profitable and successful career. It is important to us that as we grow through franchising, we retain the same values and high-quality service we have always delivered. We have put together an outstanding franchise package which will give you the opportunity to build your own successful driving school business and earn a great income.

Next

If you think you would like to be a part of our team, safe in the knowledge that you will have access to an award-winning formula and great support, then we would love to talk to you. We will explain and answer any questions about training, what you can expect from a career in driving instruction and how to become part of the Let's Instruct team.

Kind regards

Matt Stone

The Market

National Shortage of Driving Instructors

In 2012 there were over 47,000 driving instructors in the UK. At present latest official figures say we only have 39,000 with many of those instructors either working part time or have moved on to teach other licence categories. Following Covid19 many more driving instructors have retired meaning there are simply not enough driving instructors to meet demand.

Growing Market

With the industry already experiencing an increase in demand for driving lessons from the millennium generation and now a back log of pupils who were unable to learn to drive because of the Covid19 restrictions of 2020, the market has grown considerably.

Perfect Timing

With the combination of a national shortage of driving instructors and an increase in demand for driving lessons, the workload on an already busy industry can only increase. In our 20 years in business, these are the best market conditions we have seen. This makes your timing to become a successful driving instructor perfect.

Increased Earnings

Due to the shortage of driving instructors within our industry combined with the huge demand we are experiencing, prices for driving lessons inevitably rise meaning driving instructors are earning more money than ever before.

Award Winning Driving School

As the award-winning Let's Instruct Driving School franchise expands, we are looking for motivated individuals wanting to join a progressive quality franchise that believes in a supportive working environment. Our franchise is based on quality, from our driving instructor training to the franchise support our instructors receive to the driving lessons we deliver.

Why Franchise?

Support

Choosing a Driving School Franchise is a fantastic way to start and run your own business. Franchising gives individuals the ability to get into business on their own, but not alone. With the help and support of an already established and proven business model, brand, product, or service the risk of the business start-up process is significantly reduced, and the chance of success increased. A business in a box, here are a few good reasons why a Let's Instruct Driving School Franchise could be the one for you.

Be Your Own Boss

Many people dream of starting their own driving school; with a franchise you can make this a reality. Feel safe in the knowledge that you have your independence with the security of the Let's Instruct team behind you.

Increase Your Earning Potential

With a Let's Instruct franchise you will be well on the way to being your own boss as well as increasing your earning potential. Full time instructors can earn well over £35,000 per annum after costs. (Automatic instructors can earn even more)

A Higher Success Rate

Not only are 95% of franchisees successful, they frequently enjoy greater turnover and profit compared to non-franchise instructors. Let's Instruct is an award-winning brand; with full use of our logo, name, experience, business processes, marketing materials and website you'll have the credibility and confidence to outperform your competitors.

Proven Business Model

New businesses are prone to failure. Let's Instruct has a unique franchise package that allows you to plug in to our cutting-edge instructor diary management system, access advice and support from our experienced team as well as benefiting from your own marketing campaigns tailored to you.
